

NARVIK

The region of contrasts

Welcome to Narvik - A peninsula surrounded by fjords and mountains. Narvik is so much more than just beautiful nature! It is the home of Ofoten railway, the navvies, Polar Park and its unique war history. It is also the official Norwegian candidate in the bid to host the 2027 World Championships in alpine skiing. With its unique location and varied tour programme, Narvik welcomes small and large ships. With volume tours and boutique excursions, Narvik is an ideal location for turnaround operations. Narvik was the first industrial town in Northern Norway as the construction of the Ofoten Railway was completed. Its unique culture was, and still is, influenced by Swedish navvies, British engineers and sailors from across the world. We have a story to tell.

ATTRACTIONS/EXCURSIONS

Polar Park

The world's northernmost wildlife park and one of Northern Norway's most popular tourist attractions. With its 114 acres of natural habitat, it houses Arctic animals such as wolves, brown bear, lynx, wolverine, moose, reindeer, musk oxen and foxes. Enjoy a guided tour of the park.

Wolf Camp

We give you the unique opportunity to meet the wolves at Polar Park inside the enclosure! Meet this mythical animal and discover the truth about wolves.

The Ofoten Railway

The Ofoten Railway extends for 42 km from Narvik to the Swedish border and winds its way through steep, rugged, mountainous terrain north of the Arctic Circle. The journey is a tourist attraction in itself. The line was once described as the 8th Wonder of the World

and was the northernmost, coldest and harshest railway construction project the world had ever seen.

The Navy Trek

In a rich and wild nature setting, the Navy Trail Winds its way down from the mountain to the fjord. The backdrop for this picturesque walk is nature itself with vibrant colours, brilliant light and unique sounds. The Navy Trail has been branded a cultural Heritage trail. This combines the train, the hike, boat past a wartime shipwreck and bus. A must for those who enjoy the outdoors.

Narvikfjellet - Cable Car

Take the cable car to one of the most famous viewpoints in Northern Norway - the mountain restaurant 656 m above sea level. Enjoy the spectacular view, the Midnight Sun or the Northern Lights. With the cable car as a start, you can combine many activities such as; walking tours, sled rides down the mountain, snowshoeing and skiing.

War History & Memorial Museum

Narvik's dramatic history from World War II is depicted through pictures, displays and interactive animations at the war museum. For two months a bitter battle for Narvik took place, and it was here that the first major victory gained by the Allies during World War II was achieved.

Njallasouka Sami Siida

Visit the Sami Siida and have an amazing time meeting some of our reindeers and find out about the Sami people. Help us feed the reindeer and learn about these beautiful animals. We also invite you into our warm and cosy Sami lavvu, where you can sit around the crackling bonfire with a hot cup of coffee and let us teach you about our Sami way of life and introduce you to some old Sami handicraft.

Gratangen

- Norwegian Coastal History in a nutshell
Norwegian coastal history goes back thousands of years, and in the picturesque village of Gratangen you can learn how this has evolved. Visit the boat museum which hosts one of Northern Europe's largest collection of traditional Nordland boats (Fembøring - 10-ored boats) and then continue to Foldvik, which is historically known for fishing, Foldvik Market and salmon farming - giving you an understanding of life along the coast.

WINTER FUN

Aurora Hunting

The Aurora Borealis, also called the Northern Lights, is only visible in the Northern Hemisphere in the period September to April. However, the best time is from October until February. We can offer several excursions where we hunt for this incredible natural phenomenon, hopefully leaving you with memories of a lifetime.

The Ofoten Railway

Dog sledding

Glide across the blanket of snow to the sound of the runners and the panting of the dogs.

Snowmobile excursions

Go on an adventure and experience the wild mountains on one of our environmentally friendly snowmobiles.

Hiking

The Narvik peninsula offers plenty of terrain for hikes ranging from short to long, easy to hard. Enjoy nature the Norwegian way with a thermos flask and packed lunch. Pick berries or mushrooms or just enjoy the stillness.

Panoramic Skjomen (summer only)

Skjomen is known for its scenic and volcanic terrain with high, steep mountains and clear water. The Frostisen glacier, which is one of the larger plateau glaciers in Norway, is located just west of the fjord. Skjomen is also home to an 18-hole golf course where you can enjoy a round of golf, go to the driving range or just have some silly games for fun.

Isogaisa Sami Experience

At Kvernmo, north of Narvik, the Sami traditions are strong. You will have the unique opportunity to take part in an ancient Sami shaman ceremony. The shaman Ronald will meet you in the lavvu and tell you the history of the Sami people, the lavvu and their way of life before holding a drumming ceremony. The warmth of the bonfire and the sound of the drum creates a unique atmosphere.

PORT OF NARVIK

Position: N: 68° 25.658' Ø: 17° 25.288'
